FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance**, the **Department of Social Services - Division of Aging**, the **Office of State Courts Administrator**, the **Department of Conservation**, the **Missouri Consolidated Health Care Plan**, and the **Department of Transportation** assume this proposal would not fiscally impact their agencies.

Department of Public Safety - Missouri State Highway Patrol (MHP) officials did not respond to our fiscal impact request. **Oversight** assumes MHP has existing resources for the requirements of this proposal.

Officials from the **Department of Corrections** and the **Department of Public Safety** did not respond to our fiscal impact request.

Oversight assumes the proposal creates a new felony which could result in additional costs for probation/incarceration services by the Department of Corrections. Costs are unknown, but expected to be less than \$100,000 annually.

FISCAL IMPACT - Small Business

Small businesses would expect to be fiscally impacted to the extent they may incur additional costs for background checks as a result of the requirements of this proposal

DESCRIPTION

This proposal would add persons, corporations, or associations that employ persons who provide personal care assistance services to the definition of "provider" for purposes of determining who must request employee criminal background checks. The proposal would also make a second violation of the provision prohibiting providers from knowingly hiring disqualified persons a class D felony.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
